The question we get asked the most is how our application procedure works. While we try to make it as easy as possible, the unique nature of church and synagogue exposures such as abuse/molestation, professional liability, daycare/schools and D&O requires some unique applications.

Agents can submit church/synagogue risks to us on standard Acord applications with our one-page church/synagogue supplement or on our standard church/synagogue stand alone two-page application. Both applications can be downloaded from our website by clicking the "apps" link above.

When we receive your submission, our underwriter will determine which carrier will be the best market for you. We will then forward any carrier-specific supplemental underwriting information requests needed for quotation.

We recommend that you call our underwriter, Erik Walseth (800-869-8904), to discuss your risk before submitting it. He can pre-qualify it for you and let you know ahead of time what will additional information will be needed. That will save you time and duplicate work.

We will do all we can to make the submission process easy for you and your staff.
