There are close to 200 church denominations in the United States. Many of the the larger denominations have "endorsed programs" for their member churches.

A denomination program takes advantage of combined purchasing power and offers the following advantages:

- **It's your program - a denomination program is specifically designed for your denomination's unique needs.**
- **Comprehensive "group type" coverage - coverage that exceeds that normally available to individual churches.**
- **Stable Market - An insurance company that will provide a consistent long term market. We only use insurance companies with a good financial rating.**
- **Local Service - Church Underwriters only offers its programs through local agents who have a vested interest in providing you the very best service. Church Underwriters currently does business with over 3,000 agents across the United States.**

Church Underwriters is in a unique position to manage and market a program specifically designed for your denomination. Church Underwriters has been underwriting and distributing general church insurance for over 26 years. Unlike many of our

competitors, we manage church insurance programs and nothing else.

Meet Our Denomination Specialist:

Bruce Walseth pioneered denomination sponsored programs in the early 1970's. In 1981 he founded Church Underwriters, Inc. which gave local church agents access to a competitive, comprehensive church insurance product. In

his free time Bruce enjoys golf, tennis and all his grandchildren.
